760.787.0896

Fax: 760.787.9437

Vehicle Description: Small Car (e.g. Toyota Tercel, Hyundai Accent)

HP Output: 21.7 HP Continuously, 83 HP Peak at 120 VDC

Battery Pack: 10, 12-volt Deep Cycle FCLA Batteries

DC Motor, Transmission-Adapter Plate & Motor Clamp

Item	Quantity	Unit Cost (USD)	Total Cost (USD)
203-06-4001(A) ¹	1	1350.00	1350.00
Motor Clamp, 8.0"	1	137.50	137.50
Motor Adapter & Coupler ²	1	825.00	825.00

DC Motor Controller & Throttle

Curtis 1221C-7401 ³	1	1050.00	1050.00
Curtis PB-6	1	80.00	80.00

Contactors & Relays

Albright Contactor SW200B	1	130.00	130.00
NTE DPDT Relay	1	18.25	18.25
Resistor, 750 Ohm/25W ⁴	1	3.50	3.50

Circuit Breakers, Fuses and Safety Switches

GE Circuit Breaker, 200A	1	162.00	162.00
Switch plate	1	20.00	20.00
Ferraz Fuse, 400A/150V	1	38.50	38.50
Inertia Switch (Accident Safety Device)	1	55.00	55.00

Battery Charger & Converter

PFC 3000 Charger ⁵	1	1099.00	1099.00
Zivan DC-DC Converter ⁶	1	525.00	525.00

¹ The [203-06-4001](#) motor is a single shaft motor. The [203-06-4001\(A\)](#) is a double-shaft motor and the auxiliary shaft can be used to run an air conditioning motor.

² Most adapter plates cost \$825.00. Some vehicles require an installation kit and a special motor mount. Please contact KTA Services, Inc. if you have a question regarding the adapter plate for your vehicle.

³ The [Curtis 1221C-7401](#) is rated to 120 VDC and 400 Amps. If you are interested in a controller with a higher current rating, please visit our [DC Motor Controllers & Programmers](#) page and check-out the [Curtis 1231C-7701](#).

⁴ This resistor serves as a pre-charge resistor in systems that use Curtis controllers. The purpose of the pre-charge resistor is to reduce the inrush of current and extend the life of the contactor.

⁵ Other chargers are available. Please visit the [Battery Chargers](#) page.

Climate Control & Battery Heaters

PTC Ceramic Heater Core	1	80.00	80.00
KTA Auxiliary Switch Kit	1	57.47	57.47
KTA Battery Heater Control ⁷	1	211.40	211.40
Battery Heater Pads	10	15.00	360.00

Heavy-Duty Cable, Lugs, Heat Shrink, Connectors and Assembly Tools

Welding Cable (#2/0 AWG)	52	3.25	169.00
Straight Welding Cable Lugs (#2/0 AWG Cable, 5/16" Hole)	3	2.50	7.50
Straight Welding Cable Lugs (#2/0 AWG Cable, 3/8" Hole)	13	2.50	32.50
Clamp Terminals (#2/0 AWG- Positive and Negative)	20	3.00	60.00
Terminal Clamp Covers (#2/0 AWG- Positive and Negative)	20	1.60	32.00
Heat Shrink (#2/0 AWG- Positive and Negative)	58	0.60	34.80
QuickCable Tool Kit	1	70.00	70.00

Meters, Gauges & Instrumentation

Westberg Ammeter ⁸	1	61.00	61.00
Westberg Voltmeter	1	61.00	61.00
Deltec Shunt, 500A=50mV	1	22.50	22.50
Deltec Shunt, 50A=50mV	1	17.50	17.50

Power Brake Restoration

KTA Vacuum System ⁹	1	395.00	395.00
--	---	--------	--------

⁶ KTA Services, Inc. sells several DC-DC converters that vary in current and voltage output. The converter listed on this page has a voltage input of 100-200 and we recommend it if the KTA Vacuum System is in use.

⁷ KTA Services, Inc. recommends the Battery Heater Control and Battery Heater Pads for cold climates. Maintaining the temperature of the batteries can prevent range reduction due to cold temperatures.

⁸ The meters listed in this document are analog meters. For digital options, please visit the [Meters, Gauges and Instrumentation](#) page and read about the [PakTrakr](#).

⁹ The KTA Vacuum System is used to restore vacuum to power brakes.

Miscellaneous Mounts & Switches

DPDT Toggle Switch (Switch between shunts)	1	5.00	5.00
Westberg 2-Hole Gauge Holder	1	7.90	7.90
Waytek 10-Position Strip¹⁰	1	10.00	10.00

Total Cost (excluding shipping, sales tax (if applicable) and applicable discounts)

\$7188.32

¹⁰ The 10-position strip is used to organize the general wiring in the vehicle.
